MESSAGE FROM THE TPA CHAIR

Fiscal Year 2020 has been a year of new beginnings and change for the TPA, from becoming an independent agency and moving to a new office and meeting space to navigating the uncertain times of a pandemic. The success of the Palm Beach TPA lies in its ability to collaboratively plan, prioritize, and fund the transportation system amongst its various stakeholders. The TPA Board is a unique body of elected officials that promotes strong collaboration between our Federal, State, regional and local government agencies, and transportation providers, including transit, railways, seaports, and airports. The TPA is supported by a creative and energetic staff that seeks to blend the trends of the future with the systems of the past. The TPA is assisted by dedicated committee members who provide thoughtful input reflective of our diverse community. In addition, the TPA is committed to its vision of a safe, efficient, connected, and multimodal transportation system for all of Palm Beach County. It is my pleasure to serve as the Chair for the Palm Beach TPA and I look forward to ushering in the future of our transportation system together.

Sincerely,

Vice Mayor Maria Marino
City of Palm Beach Gardens
Palm Beach TPA Board Chair

The TPA Governing Board is comprised of 21 local elected officials:

- 5 County Commissioners
- 15 City Officials
- 1 Port Commissioner

The TPA is supported by the following advisory committees:

- 24 Technical Advisory Committee (TAC) members
- 14 Citizens Advisory Committee (CAC) members
- 16 Bicycle-Trailways-Pedestrian Advisory Committee (BTPAC) members
- 17 Transportation Disadvantaged Local Coordinating Board (LCB) members
Who We Are

Our **Mission** is to collaboratively plan, prioritize, and fund the transportation system.

Our **Vision** is a safe, efficient, connected, and multimodal transportation system.

We focus on 6 goals that support our Mission and Vision

- Engage the Public
- Plan the System
- Prioritize Funding
- Implement Projects
- Collaborate with Partners
- Administer the Agency

The TPA leads transportation planning for Palm Beach County, an area of over 2,000 square miles with ~1.5 million residents.
WeEngage the Public

We partner with local governments and organizations in a wide variety of outreach opportunities throughout the year to engage the public in transportation planning and travel mode choices.

FY 2020 Public Engagement Highlights

- Created interactive online comment map to collect public input
- Welcomed nearly 500 attendees at the Safe Streets Summit
- Received nearly 2,000 public comments at February meeting
Every five years, we step back and look at the big picture. In December 2019, the TPA adopted an update to its Long Range Transportation Plan (LRTP), mapping out priorities and investments for the coming decades.

We also continue planning for implementation in the near term by conducting corridor studies such as US-1 in Boca Raton and Okeechobee Blvd. in central Palm Beach County and performing walking and bicycling safety reviews in Lake Worth Beach.

We are also planning for optimization of current conditions by developing better ways to share data via a Smart Palm Beach website.
Our FY 21-25 Transportation Improvement Program (TIP) allocates approximately $3.3 billion to over 470 projects across all modes of transportation in Palm Beach County.

### We Prioritize Funding

*Federal, State, Local*
We Implement Projects

Although we do not construct projects, we follow our priority projects all the way through implementation. Our Local Initiatives and Transportation Alternatives Programs lead the way.

Local Initiatives (LI)
$138M for 74 projects in FY 21-25

Transportation Alternatives (TA)
$21M for 20 projects in FY 21-25
FY2020 Construction Highlights

- Binks Pointe Path in Wellington
- Congress Ave lighting in Riviera Beach
- SR 80 at Lyons Rd/Sansbury Way
- Shared Use Path on Palmetto Park Rd in Boca Raton
- Hamlin Blvd Sidewalk in ITID
- Seminole Dr. Bridge in Lake Worth
We Collaborate with Partners

We coordinate and conduct workshops on topics of interest for our partners and stakeholders, encourage and facilitate designations for our municipalities, and continue to work with peer agencies.
