Pursuant to the requirements of 23 U.S.C. 134 (k)(5), 23 CFR 450.334(a), the Department and the MPO have performed a review of the certification status of the metropolitan transportation planning process for the Palm Beach MPO with respect to the requirements of:

2. Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 C.F.R. Part 21;

Included in this certification package is a summary of noteworthy achievements by the MPO, attachments associated with these achievements, and (if applicable) a list of any recommendations and/or corrective actions. The contents of this Joint Certification Package have been reviewed by the MPO and accurately reflect the results of the joint certification review meeting held on January 30, 2013.

Based on a joint review and evaluation, the Florida Department of Transportation and the Palm Beach MPO recommend that the Metropolitan Planning Process for the Palm Beach MPO be certified.

District Secretary (or designee)

MPO Chairman (or designee)
The Florida Department of Transportation (FDOT) District Four has conducted a Modified (the 2nd year of 3 years permitted for a modified review) State Certification Review of the Palm Beach MPO. The MPO implemented recommendations from 2012 State Modified Certification Review as well as corrective actions from the 2011 Federal Certification Review.

This report assesses the written and verbal answers to the questions presented to the MPO staff. FDOT staff determined the specific areas for which certain questions were asked based on information from the 2012 Modified Joint State Certification process, 2011 Federal Certification Review, observation of and coordination with MPO staff and attendance at MPO Board and committee meetings. Areas that are not commented on in this report are considered satisfactory by the Department.

**Summary of Key Activities to Support Planning Process**

The MPO has successfully completed the annual coordination and reporting efforts on schedule as follows:

- Signed 2012 Joint Certification Statement
- Signed 2012 DBE Verification
- Adopted 12/13 Transportation Improvement Program
- Held informal unfunded priorities meeting in 2012 with FDOT and stakeholders
- Adopted and transmitted official list of unfunded priorities
- Adopted 2013/2014 to 2017/2018 FDOT Tentative Work Program
- Held Modified Certification Review meeting with FDOT on January 30, 2013
- Responded to Certification Review Questions/Issues

**Progress on Implementation of Remaining 2011 Federal Certification Corrective Actions**

Agreement(s) – The MPO staff needs to update, revise and sign its staff services agreement by March 15, 2012.

Comment: A new staff services agreement with Palm Beach County was executed on March 12, 2013. All corrective actions from the 2011 Federal Certification Review have been satisfactorily addressed. Confirmation from FHWA is expected before the close of state FY 2013.

Satisfied
Progress on Implementation of 
2012 State Recommendations

1. **Agreement(s)** - The 2011 Federal Certification Review listed a corrective action that the MPO adopt an updated staff services agreement by March 15, 2012. The 2011 state Certification Review recommended the same. To date, the MPO has not adopted said agreement. The MPO should continue to aggressively pursue the adoption of an updated staff services agreement.

   **Comment:** A new staff services agreement with Palm Beach County was executed on March 12, 2013.

   **SATISFIED**

2. **Public Involvement:** The MPO has demonstrated an intent to increase awareness of the transportation planning process and to track and measure its effectiveness at doing so. In the 2040 Long Range Transportation Plan and Regional Long Range Transportation Plan cycles, the MPO should seek innovative ways to increase awareness of the transportation planning process. Special consideration should be given to improving efficiencies, avoiding redundancies and potentially confusing messages by coordinating with Palm Beach and Miami-Dade MPOs.

   **Comment:** The scopes for both the Regional Transportation Plan (RTP) and the Palm Beach Long Range Transportation Plan (LRTP) call for coordination with each other. Recent discussions among the project managers for the RTP and the three LRTPs described a process with the RTP consultant providing material to be used by the LRTP consultants for public meetings and presentations. The MPO Public Involvement Officers (PIO) are proposing to use a regional theme with local plan items incorporated for each county. The group will meet with the regional consultant on a regular basis to discuss ongoing activities and ensure the information being disseminated is similar in nature in all three counties.

   **SATISFIED and ONGOING**

3. **Public Involvement** - The Department (in coordination with the district’s M/TPOs) is conducting a telephone survey to identify the public’s awareness of the transportation planning process. The MPO should use the results of the survey as a baseline against which implementation of its Public Involvement Plan and future project specific public outreach efforts are measured.

   **Comment:** The telephone survey was conducted. All of District Four’s M/TPOs have accepted the results and will use them as baselines against which subsequent public involvement efforts will be measured. Another telephone survey will be conducted in 2014.

   **SATISFIED**
4. **Census and Apportionment** - The MPO should continue participation in post-2010 U.S. Census activities including but not limited to; revisiting MPO designations, metropolitan planning area boundaries, board memberships and any related submission of documents to the Department.

   **Comment:** The MPO has notified FDOT that it will continue to function as an individual MPO and has endorsed the function and continued operation of Southeast Florida Transportation Council (SEFTC) to be a central entity in regional projects.

   **SATISFIED and ONGOING**

5. **Transportation Improvement Program (TIP)** - All five MTPOs in FDOT's District Four are using the Interactive TIP application. The MPO should continue working with the contractor, the District and Central Office to refine and improve the Interactive TIP tool, thus enhancing public outreach.

   **Comment:** MPO staff has met with FDOT staff, participated in training webinars and participated in statewide video conferences regarding creation of the TIP via the interactive TIP application. The MPO Board (and public) saw a presentation on some of the newer features of the interactive TIP application at their May 16th, 2013 meeting.

   **SATISFIED and ONGOING**

6. **Title VI:** The MPO has satisfactorily responded to all recommendations of the 2011 State Certification Review regarding Title VI. The MPO should continue to adhere to all Title VI requirements and periodically review its standards and procedures to ensure compliance.

   **Comment:** The MPO is continuing all of the efforts implemented in response to the most recent State and Federal Certification Reviews.

   **SATISFIED and ONGOING**

2013 FDOT Recommendations to Improve Planning Process

1. **Transportation Improvement Program (TIP) Amendments:** For the purposes of public involvement and ensuring full disclosure of public documents, the MPO should incorporate TIP amendments and related documents in its interactive TIP application within 14 days of amendment being approved.

2. **TIP:** The MPO has successfully partnered to implement and maintain the Interactive TIP tool. The MPO should continue to further develop the tool by investigating features and additives to enhance public use (e.g. graphics, maps and detailed project descriptions).

3. **MPO Website:** Websites and other internet based media have become prevalent public involvement tools. The MPO should consider updating the design of its website to feature more graphics and less text on the main pages similar to popular private sector websites. The website should also have a "search" feature.

4. **Regional Coordination:** Working with FDOT, the MPO should complete efforts to identify and implement enhancements to the regional planning and coordination process for the Miami Urbanized
Area served by the Miami-Dade, Broward, and Palm Beach MPOs. As part of those efforts, continue coordinating to ensure delivery of a complete and complementary set of regional and local plans for the 2040 transportation planning cycle. Complete other remaining steps in the post-2010 U.S. Census consultative process by July 1, 2013, or as extended by FDOT.

5. **Public Outreach:** South Florida Commuter Services is a program of the Department's that helps promote ride sharing options for commuters in Miami-Dade, Broward, Palm Beach, Martin and St. Lucie Counties. This program also helps identify commuter concerns and provides support to relieve said concerns. The MPO should consider using this program to further expand public outreach efforts related to transit and ridesharing, in general.

6. **Disadvantaged Business Enterprise (DBE) Plan:** The MPO has an adopted and FDOT approved DBE Plan. The MPO should post the DBE plan on its website in an effort to make the website an all-inclusive source of information to the public.

7. **Title VI:** In order to ensure all residents of Palm Beach County are receiving adequate consideration to benefit from MPO services, the MPO should collect and analyze demographic data of participants in and beneficiaries of programs and activities of the MPO. At a minimum, census data should be used as a base against which said information should be measured.

### 2013 Noteworthy Practices

1. Coordinated a unified Waterways Plan by getting the various waterfront districts to all work together in a coordinated fashion.

2. Conducted charrettes for TOD design at train station.

3. Funded water taxi docks along the Intracoastal Waterway through applying for and receiving grants from the Ferry Boat Discretionary Program (FBDP). Picked North County because there was existing water taxi service and so only dock improvements were needed, not ongoing service funding. The MPO is exploring the concept of one Countywide license rather than by City to facilitate permitting.

Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information the Contractor shall so certify to the Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration as appropriate, and shall set forth what efforts it has made to obtain the information.
(5.) **Sanctions for Noncompliance:** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the Florida Department of Transportation shall impose such contract sanctions as it or the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration may determine to be appropriate, including, but not limited to:

In the event a Contractor becomes involved in, or is threatened with, litigation with a sub-contractor or supplier as a result of such direction, the Contractor may request the Florida Department of Transportation to enter into such litigation to protect the interests of the Florida Department of Transportation, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

DISADVANTAGED BUSINESS ENTERPRISE UTILIZATION

It is the policy of the Palm Beach MPO that disadvantaged businesses, as defined by 49 Code of Federal Regulations, Part 26, shall have an opportunity to participate in the performance of MPO contracts in a nondiscriminatory environment. The objectives of the Disadvantaged Business Enterprise Program are to ensure non-discrimination in the award and administration of contracts, ensure firms fully meet eligibility standards, help remove barriers to participation, create a level playing field, assist in development of a firm so it can compete successfully outside of the program, provide flexibility, and ensure narrow tailoring of the program.

The Palm Beach MPO and its consultants shall take all necessary and reasonable steps to ensure that disadvantaged businesses have an opportunity to compete for and perform the contract work of the Palm Beach MPO in a nondiscriminatory environment.

The Palm Beach MPO shall require its consultants to not discriminate on the basis of race, color, national origin, sex, age, handicap/disability, or income status in the award and performance of its contracts. This policy covers in part the applicable federal regulations and the applicable statutory references contained therein for the Disadvantaged Business Enterprise Program Plan, Chapters 337 and 339, Florida Statutes, and Rule Chapter 14-78, Florida Administrative Code.
