The FDOT has requested approval of amendments to the FY 2015-2019 Transportation Improvement Program (TIP) to include the FY 2015 Roll Forward Report and the FY 2015 Variance Report. The amended projects are shown in strikethrough/underline format to highlight the changes from the adopted TIP and the original FDOT request is attached.

B. MOTION TO RECOMMEND APPROVAL of the FY 16-20 Priority Projects

Each year, Florida Statutes require the MPO to adopt transportation system priority projects for use in developing the Transportation Improvement Program (TIP) and the FDOT Five-Year Work Program. The staff prepared the attached FY 16-20 Project Priorities based on public and stakeholder proposals as well as analysis of the transportation system to identify needed improvements. The list of projects is consistent with the Long Range Cost Feasible Plan and its associated Goals, Objectives and Values.

The FY 16-20 Projects are organized into Major Highway, Transit and Freight Projects, Local Initiatives and Transportation Alternative grant projects. The list identifies the additional funding needs of those projects previously approved by the MPO and several new projects to enhance mobility.

The adopted projects will be submitted to FDOT by October 1 and used in the development of their draft Work Program and the FY 16-20 TIP.

C. MOTION TO RECOMMEND ENDORSEMENT of the updated 2040 LRTP Goals, Objectives and Values

Following a highly successful joint committee meeting in August, the attached Goals, Objectives and Values (GOVs) are provided for final review and endorsement. A Project Scoring System that implements the GOVs is also attached for review and comment.
