Recent Projects

Air Cargo Apron Reconstruction/Rehabilitation

Taxiways D & E Reconstruction/Rehabilitation
Non-Aviation Development
North Palm Beach County General Aviation Airport (F45)
North Palm Beach County General Aviation Airport (F45) is the county’s newest airport, opened in 1994.

A designated reliever for PBI serving both reciprocating engine and jet aircraft.

The airport is set on 1,832 acres, with over 1,100 being dedicated to environmental preserves that surround the airport.

Signature Flight Support is the current Fixed Base Operator (FBO) at the airport.
F45 Recently Completed & Planned Improvement Projects

- Security Improvements
- Taxiway D & H Extension
- Drainage Improvements
- Perimeter Fence Improvements
- Extension of Runway 13-31 up to 6,000 feet approved by Palm Beach Gardens and Board of County Commissioners
North Palm Beach County General Aviation Airport - Subsidiary Development Area North
Palm Beach County Park Airport (LNA)
LNA Information

- LNA is located in Lantana, Florida and is 6 miles south of PBI.
- LNA is a busy airport with a mix of both fixed wing and helicopter traffic.
- There are three runways which are located in the triangle layout.
- Galaxy Aviation is the current Fixed Base Operator (FBO) at the airport.
LNA On-Going & Planned Improvement Projects

- Misc. Airfield Pavement Rehabilitation and Reconstruction
- Southside Redevelopment Program
- FBO Fuel Farm, Terminal and Hangar Development
Palm Beach County Park Airport
Palm Beach County Glades Airport (PHK)
PHK Information

- Palm Beach County Glades Airport is located in western Palm Beach County, on the southeastern edge of Lake Okeechobee, approximately 3 miles southwest of Pahokee and 35 miles west of West Palm Beach, Florida.

- The airport is popular for flight training for both fixed wing & helicopters.

- Glades Airport is Palm Beach County’s designated recreational airport, designated to support FAR 105 Parachute Operation.

- The airport is based on 243 acres.

- Signature Flight Support is the current Fixed Base Operator (FBO) at the airport.
PHK Recently Completed & Planned Improvement Projects

- Apron Rehabilitation
- Airfield Electrical Upgrades
- Automated Weather Observing System (AWOS)
- Fuel Farm Improvements
