2. ACTION ITEMS

2.C. RECOMMENDED APPROVAL: Amendment to the FY 17 – 18 Unified Planning Work Program (UPWP)

MR. NICK UHREN, Palm Beach MPO Executive Director, noted this is a proposed Amendment to the FY 17-18 UPWP. He reviewed the significant changes of: rebalancing all task budget amounts in FY 17 and FY 18 to align with expenditures; allocating $100K to the Broward MPO in FY 19 for first year of 3-year update to Regional Transportation Plan; and increasing FTA reimbursements in FY 18 to reflect timing of consultant expenditures.

No discussion ensued.
MOTION to Recommend Approval of the Amendment to the FY 17-18 UPWP. Motion by Mr. Mike Righetti, seconded by Mr. Michael Owens and carried unanimously.

2.D. RECOMMENDED APPROVAL: Updates to the Palm Beach MPO 5-Year Strategic Plan

MR. UHREN noted the MPO adopted a 5-Year Strategic Plan last fall and the MPO Governing Board members created a subcommittee. Staff met with the committee to receive input into next year plan. The committee’s input is reflected in the proposed changes. He reviewed highlights from the Report Card of the agency’s performance for July 1, 2016 through June 30, 2017, as well as the MPO opportunities for improvement.

Discussion ensued regarding the timeline for these suggested modifications, as well as a formal request to coordinate a training session for elected officials to better their understanding of the roles and responsibilities of Board members.

MOTION to Recommend Approval of Updates to the Palm Beach MPO 5-Year Strategic Plan. Motion by Mr. Mark Stivers, seconded by Mr. Michael Owens and carried unanimously.

2.A. RECOMMENDED ADOPTION: FY 19 – 23 Annual List of Priority Projects

MR. FISCHER gave a brief review of the current timeline and noted due to the expedited legislative session the Priority List is being reviewed and approved this month versus the normal timeframe of September. He reviewed answers to frequently asked questions received on the multiple project lists, applicant presentations, project ranking, funding shown in the tables, and if funding is guaranteed if the project is on a priority list.

MR. FISCHER stated the MPO’s role is to prioritize projects in the Long Range Transportation Plan (LRTP). He reviewed the projected addition of the Okeechobee Boulevard Multimodal Corridor Study, including a connection to the Mall at Wellington Green along SR 7, with the potential for premium transit service to the MPO Major Projects list. He briefly highlighted LRTP projects already prioritized/programmed. He also reviewed the LRTP projects that could be added to the Priority List in more detail.

MR. MIKE RIGHETTI stated support for including the Boca Raton Tri-Rail Park and Ride Expansion project as well as the Military Trail Multimodal Corridor Study from Boca Raton to West Palm Beach. He discussed the need for the park and ride expansion even with the addition of a second Tri-Rail Station planned for Boca Raton. Discussion ensued regarding these two projects and potential timing of each.

Further discussion ensued regarding road capacity projects in the Glades communities included in the Cost Feasible Plan. These projects were not proposed for inclusion on the Priority List at this time, as the potential development of a future Glades area Inland Logistics Center would create the addition capacity demands to warrant these projects. MPO Staff stated that there have been proposals to construct such a facility in the Glades community and at that time additional road capacity projects would be warranted to support the facility and increased freight activity.

MOTION to Recommend Adoption of the FY 19-23 Annual List of Priority Projects by Mr. Michael Owens; seconded by Ms. Jean Matthews and carried 8-2. Mr. Mike Righetti and Ms. Heather Tribou opposed. Motion passed.

2.B.1 REMOVED FROM TABLE: Amendment to the LRTP to add improvements at I-95 and 45th Street to the Cost Feasible Plan with construction in FY 2026

MR. FISCHER clarified that the committee needed to remove an item from the table in order to discuss it.
MOTION to Remove from the Table an amendment to the LRTP to add improvements at I-95 and 45th Street to the Cost Feasible Plan. Motion by Mr. Mark Stivers, seconded by Mr. Mike Righetti and carried unanimously.

2.B.2  RECOMMENDED ADOPTION: LRTP Amendment to add Improvements at I-95 and 45th Street to the Cost Feasible Plan with construction in FY 2026

MR. ROBERT LOPES, FDOT Project Manager, introduced this item. He reviewed the project study area, noted the stakeholders involved and the project’s purpose and need.

He highlighted the exiting year and no-build 2040-year conditions for lane configuration, delay and level of service (LOS). He reviewed in detail the build alternatives analysis of a Transportation System Management & Operations (TSM&O) alternative, Alternative 1 consisting of widening 45th Street and adding ramp capacity, and Alternative 2 consisting of a Diverging Diamond Interchange (DDI). He reviewed the 2040-year conditions for lane configuration, delay and LOS for each proposed alternative. He highlighted the preliminary right of way (ROW) impacts and cost estimates for each alternative. He stated a preliminary review of a Cumberland Drive Extension was completed and noted the cost for options either over or under I-95.

MOTION to Recommend Adoption of an LRTP Amendment to add improvements at I-95 and 45th Street to the Coast Feasible Plan and for the project team to evaluate the inclusion of buffered or protected bike lanes through the entirety of the project. Motion by Ms. Jean Matthews, seconded by Mr. Mark Stivers and carried unanimously.

2.E.  RECOMMENDED APPROVAL: Palm Beach MPO Bicycle, Trailways and Pedestrian Advisory Committee (BTPAC) By-Laws

MS. TAYLOR presented this item and clarified FDOT membership on the committee. The modifications clarify FDOT’s members as a non-voting advisory member to the BTPAC.

A brief discussion ensued regarding other agencies serving as advisory members on the committee as well.

MOTION to Recommend Approval of the BTPAC By-Laws with a recommendation to include other agencies such as Lake Worth Drainage District and South Florida Water Management District as advisory members. Motion by Mr. Mark Stivers, seconded Mr. Michael Howe and carried unanimously.

MR. ANDREW UHLIR, Palm Beach MPO TIP Coordinator, presented this item from the agenda backup. He noted this roll forward report was provided by FDOT and occurs annually. He stated
these projects were funded in FY 17 but were not obligated; therefore, the funds have been rolled forward into FY 18. He noted that no new projects have been included. He briefly highlighted that the State Road (SR) 7 project had federal funds in FY 17 and funds were switched with the SR 80 project, because they were not obligated at the time.

Due to the lack of quorum, there was a 3-1 consensus to Recommend Approval of Amendment #1 to the FY 18-22 TIP to include FDOT’s Roll Forward Projects. Ms. Heather Tribou dissented due to the presence of the SR 7 project.

2.B. DISCUSSED: State Road (SR) 80 Corridor Action Plan Update

MR. NICK UHREN, Palm Beach MPO Executive Director, presented this item on behalf of the FDOT project team, which he noted could not be present at the meeting. He reviewed the study’s outcome, objectives, and the backup material included in the agenda packet. He highlighted the importance of the Strategic Intermodal System (SIS) and future development details. He reviewed the project development process flowchart and provided an overview of the tiered alternative development process. He reviewed Alternative 1: Signalized Arterial with Alternate Intersections and provided a video example of the intersection movements.

A brief discussion ensued on the bicycle facilities and traffic movements.

MR. UHREN reviewed Alternative 2: Grade-Separated Access Controlled Lanes & Frontage Roads. He reviewed the existing and proposed grade separations along with the proposed mainline access points, right of way impacts and pedestrian/bicycle facilities.

A discussion ensued on the bicycle facilities.

MR. UHREN reviewed Alternative 3: Elevated Access Controlled Lanes & Frontage Roads. He reviewed the mainline access points, typical section and highlighted the bicycle facilities.

A lengthy discussion ensued on the number of lanes, right of way impacts, project length, design speed, and the non-motorized design possibilities.

MR. UHREN reviewed the multimodal alternatives from US 27 to 20-mile bend, which are based on the identified needs and goals. He mentioned that the MPO Governing Board adopted the Annual Priority Project list in July and added construction of a US 27 connector road, which would pass from 715 and Hooker Highway down to US 27 in South Bay as a third north/south option. He noted an alternatives public workshop is forthcoming with the completion of the study and a final report expected in early 2018.

A brief discussion ensued on the Priority Project addition, possibility of managed lanes, and the bicycle facilities in the southern portion of the project.

2.C. RECOMMENDED ENDORSEMENT BY CONSENSUS: Recommended Alternative at the I-95/Southern Boulevard (SR 80) Interchange

MS. CASSIE PICHÉ, Consultant with RS&H, introduced Mr. Humberto Arrieta and noted he would be replacing Mr. Anson Sonnett as the Project Manager. She briefly reviewed the I-95 Interchange Master Plan for Palm Beach County, project study area, purpose and need, and adjacent studies, which include the SR 80 Corridor Action Plan and the I-95 Managed Lanes Master Plan. She highlighted the current year and design year with a no build alternative traffic data, and noted Alternative 2 has been eliminated from further evaluation due to the number and elevation of the flyovers.

MS. PICHÉ reviewed an evaluation matrix of the no build and all the build alternatives, and noted Alternative 4 is recommended as it has the most benefits. She reviewed further details of Alternative 4 in regards to the right of way impacts, typical section, and impacts on the Vedado neighborhood, Dreher Park, and Parker Avenue. She noted that the collaboration with the City of West Palm Beach
is still ongoing regarding the typical section and there may be changes when this is presented at the Public Hearing next month.

MS. PICHÉ reviewed other improvements of the bridge widening over I-95 and the CSX Rail line, increased ramp storage at entrance/exit ramps and turn lanes, upgraded bicycle facilities and upgraded pedestrian facilities & cross walks. She highlighted the visual aesthetics, noted that views of the Town of Cloud Lake’s advertising sign will not be blocked, and reviewed the next steps that include a Public Hearing on October 19, 2017.

A discussion ensued on the items presented versus what was included in the agenda packet, landscaping options, Dreher Park pedestrian/bicycle access and signalization options, right of way acquisition, and the need for additional review of bicycle facilities or a shared-use path.

MR. UHREN clarified that the committee can recommend this item with endorsement, recommend endorsement with requested changes, or reject the endorsement.

A brief discussion ensued on future meetings with the public and next steps if this item was rejected, and the bicycle and pedestrian facility needs and potential alternatives.

Due to the lack of quorum, there was a 3-1 consensus to Recommend Endorsement of the Recommended Alternative at I-95/Southern Boulevard (SR 80) Interchange with the request to for FDOT’s commitment to evaluate narrowing lanes and utilizing that additional space to improve the pedestrian/bicycle facilities, further evaluation of the crossing at Dreher Park, and further coordination with the City of West Palm Beach to address their concerns on Parker Avenue.
