I. General Public Comments

General comments will be heard prior to consideration of the first action item. Please complete a comment card which is available at the welcome table and limit comments to three minutes.

2. ACTION ITEMS

A. MOTION TO ADOPT a Resolution directing the Executive Director to create future MPO Governing Board items that will allow the MPO to operate as an independent agency and to renew the existing interlocal staff and services agreement between the MPO and Palm Beach County for an additional year.

The existing interlocal agreement expires on September 30, 2018 and requires the MPO to give a one-year notice regarding renewal. The MPO Governance Committee met twice to review the agreement and to evaluate the benefits and costs of the options available to the MPO. The Committee recognized the value of empowering all of its members to lead the selection of transportation projects and programs to best serve our local communities, avoiding undue influence by any member agencies, and establishing maximum flexibility to the MPO to provide transportation planning services to the public. The Committee unanimously recommended to move forward expeditiously to operate as an independent agency, and to renew the existing interlocal staff and services agreement with Palm Beach County for an additional year to accomplish this. The attached resolution accomplishes these outcomes.

B. MOTION TO APPROVE Amendment #2 to the FY 18 – 22 Transportation Improvement Program (TIP) to include FDOT’s Roll Forward projects

FDOT has requested approval of amendments to the FY 18 – 22 TIP to include the FY 18 Roll Forward projects. These projects were funded in FY 17 but were not completed as scheduled so the remaining funds are being rolled forward into FY 18. The requested amendments are shown in strikethrough/underline format to highlight the changes from the adopted TIP in the attachment.

TAC: Recommended approval 12-1, with the West Palm Beach Representative dissenting due to inclusion of the State Road 7 project.

BTPAC: Recommend approval by consensus, with the West Palm Beach Representative dissenting due to inclusion of the State Road 7 project.

CAC: Did not meet due to Hurricane Irma

C. State Road (SR) 80 Corridor Action Plan Update

In June 2017, the FDOT Executive Team approved the 2045 Strategic Intermodal System Multi-modal Unfunded Needs Plan (SIS MMUNP) including two potential long-term investments in the SR 80 corridor. In January 2017, FDOT determined that proposed major transit capital investments in the SR 80 corridor are not warranted. Now, FDOT staff and consultants will review the purpose of the SR 80 Corridor Action Plan, present the Tier 2 Alternatives and highlight next steps. MPO
Board feedback is sought on the Alternatives. This information item is being presented in advance of the I-95/SR 80 interchange (Item 2.C) at the request of FDOT. The following items are attached:

1. 2045 SIS MMUNP excerpts showing Long Term Highway and Transit Projects on SR 80
2. January 2017 FDOT letter regarding the SR 80 Corridor Action Plan Tier 1 Alternatives Screening
3. SR 80 Corridor Action Plan presentation slides

D. **MOTION TO ENDORSE** the Recommended Alternative at the I-95/Southern Boulevard (SR 80) Interchange with a request that FDOT incorporate the following modifications:

1. Remove the traffic signal at SR 80 and Gem Lake Drive,
2. Use the minimum number of turn lanes at the residual I-95 ramp intersections,
3. Reduce eastbound vehicle lane widths to 11-feet and create a shared-use pathway on the south side of SR 80 through the interchange area,
4. Create a signalized and marked pedestrian and bicycle crossing at SR 80 and Paseo Andalusia/Dreher Park, and
5. Provide minimum width sidewalks on Parker Avenue within the project limits.

In October 2016, the MPO Governing Board requested that FDOT place this project on hold until the SR 80 Corridor Action Plan Study was completed. Although the SR 80 Corridor Action Plan (Item 2.B) is not yet complete, FDOT staff and consultants will present the Recommended Alternative for the interchange at Southern Boulevard and I-95 prior to the public hearing for the project in October. The presentation slides are attached.

TAC: Recommend approval with modification 5 above by a vote of 9-4.

BTPAC: Recommend approval with modifications 3 and 4 above by consensus, with the West Palm Beach Representative dissenting due to need for additional coordination with city staff regarding bike facilities on SR 80 and Parker Avenue.

CAC: Did not meet due to Hurricane Irma

MAYOR MARINO summarized the Governance Committee discussion by noting the County is willing to give up current control of the MPO for the greater good of countywide transportation vision, which puts cities on more equal footing. She noted that the Committee also established a plan which will remove the formerly proposed one-time fee, and stated several members would provide lines of credit for the MPO. She affirmed a final vote on the details of MPO independence would not occur today as the Committee believed this should occur incrementally. She stated a brief extension of the current agreement would need to be established.

MAYOR HAYNIE said she Chairs the Transportation Committee for the Palm Beach County League of Cities (LOC) and noted the Committee will recommend to the LOC Board that they support the change, affirm the resolution, and this will enable transportation planning countywide to serve the partners better.

COUNCIL MEMBER KURETSKI noted he will be dissenting as he previously discussed this matter with the Town of Jupiter Council, and the consensus being the current structure did not cause any undue prejudice that they encountered. He expressed the Town's appreciation and desire for continued collaboration with the MPO.

A discussion ensued on the funding structure, the outcome expected today, desire for future presentations from the Executive Director to municipal councils, the impact to smaller municipalities, and details on the proposed line of credit.

MR. ANDREW UHLIR, Palm Beach MPO TIP Coordinator, presented this item and noted this roll forward report was provided by FDOT and occurs annually. He stated these projects were funded in FY 17 but were not obligated, and so the funds are being rolled forward into FY 18. He noted that no new projects have been included. He briefly highlighted that the State Road (SR) 7 project had federal funds in FY 17 and funds were switched with the SR 80 project because they were not obligated at the time.

VICE MAYOR MCKINLAY expressed the need for the MPO to move more aggressively to implement the SR 80 street lighting project.

She reviewed further details of Alternative 4 in regards to the right of way impacts, typical section, and impacts on the Vedado neighborhood and Parker Avenue. She reviewed other improvements at this interchange, highlighted the visual aesthetics, noted that views of the Town of Cloud Lake's advertising sign will not be blocked, and reviewed the next steps that include a Public Hearing on October 19, 2017.

A lengthy discussion ensued on the projects impacts on Gem Lake and County facilities, collaboration of information with the SR 80 Corridor Action Study, pedestrian and bicycle facility concerns, and the need for a statement from the Sheriff’s Office and Fire Department on how the closure off Paseo Alcala will affect emergency services.
