1. **SR 80 Construction Update:** FDOT began construction of a TPA Priority Project to widen the corridor to 6-lanes from Palms West Hospital to Arden Lake Way, including buffered bike lanes and a shared-use pathway. FDOT is also constructing exclusive westbound right turn lanes at Pike Road and the Turnpike on-ramp intersections. Later today, they will begin construction of a TPA Local Initiatives Project to add a second westbound left turn, an exclusive eastbound right turn, and a second northbound right turn at the Sansburys Way intersection. Finally, a developer is constructing new turn lanes at the new bridge across from 103rd Way in Royal Palm Beach.
