It asks 'How livable is your community?' and includes a search input field with the placeholder text 'enter your address, city, state or zip code' and a magnifying glass icon. Below the search field is a red 'LEARN MORE' button. At the bottom, a dark grey box contains the text: 'The Livability Index scores neighborhoods and communities across the U.S. for the services and amenities that impact your life the most.' and a smaller line of text: 'Search for your city or learn more about how we define livability.'
