

Draft Ped & Bike Fatalities Summary

May 2021 | TPA Committees

Map of Fatal Ped/Bike Crashes

Review Form

Cursory Review of Fatal Ped/Bike Crash

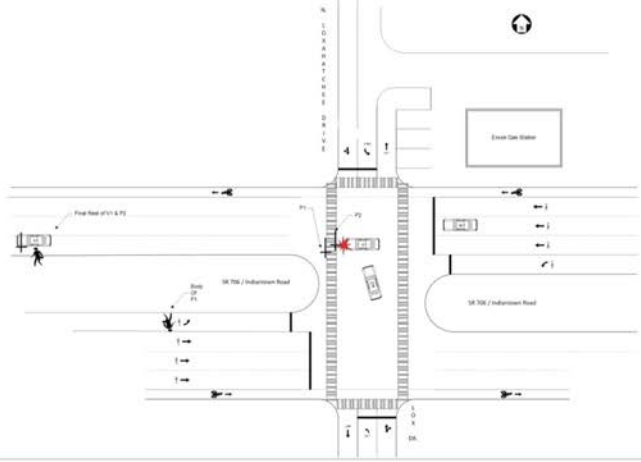

General Information

Location	W Indiantown Rd	Intersecting Roadway	S Loxahatchee Dr
Date	March 22, 2021	Time	07:14 PM
Weather	Clear	Road Surface	Wet
Lighting	Daylight	Harmful Event	Collision with Pedalcycle

Individual Information

Person	Action	Age	Condition	Vision	Distracted	Drugs	Alcohol	Severity
V1 Driver	Ran red light westbound	18-25	Normal	Glare	No	No	No	Possible Injury
P1 Bicyclist	Crossed roadway southbound in crosswalk	26-45	Normal	Clear	No	No	No	Fatality
P2 Bicyclist	Crossed roadway southbound in crosswalk	18-25	Normal	Clear	No	No	No	Serious Injury

Crash Diagram

Observations

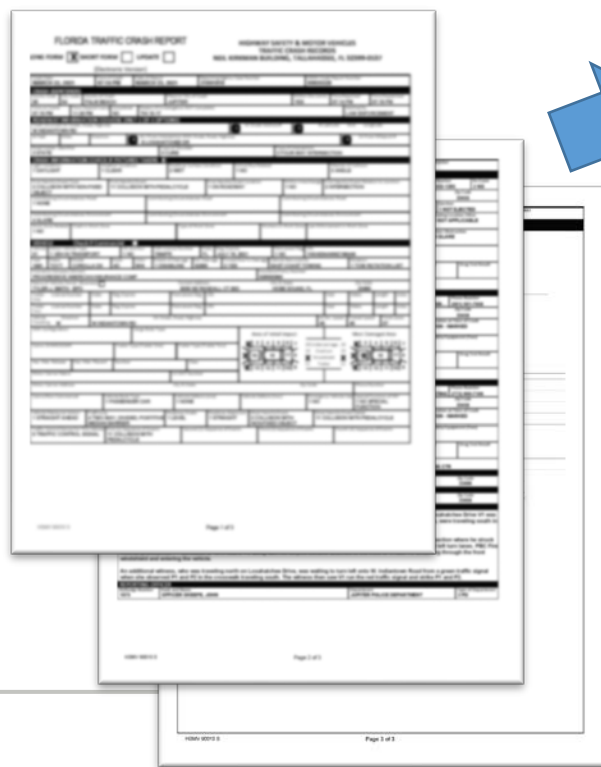

- V1 driver ran a red light at sunset. Glare was a contributing circumstance.
- Although report notes "Not distracted", V1 driver entered intersection at high speed well after red light phase began.

Potential Actions

- TPA funds and FDOT installs high contrast yellow back plates on east/west signal heads to improve visibility at sunrise/sunset.
- TPA advocates and FL Legislature increases mandatory penalties for distracted driving and vehicular homicide.
