

Boca Raton US-1 Federal Highway Complete Streets Study

City Council Workshop

Attend this upcoming City Council Workshop to learn more about the US-1 Federal Highway Complete Streets Study between Camino Real and SE Mizner Boulevard/SE 5th Street!

The City is considering a plan to build wider sidewalks, landscaping areas, and protected bicycle lanes for the safety of multimodal transportation along US-1 in Downtown. The project would involve repurposing one through lane in each direction to provide space for these improvements. Come hear about the plan and share your ideas about US-1 between Camino Real and SE Mizner Boulevard/SE 5th Street.

Date:
Monday, August 24

Time: **1:30 p.m.**

Location: **GoToWebinar |
CRA Meeting followed
by City Council Workshop**
